

# MULLET MADJACK IS OUT ON STEAM

**A Roguelite Boomer Shooter inspired by Classic  
Anime**

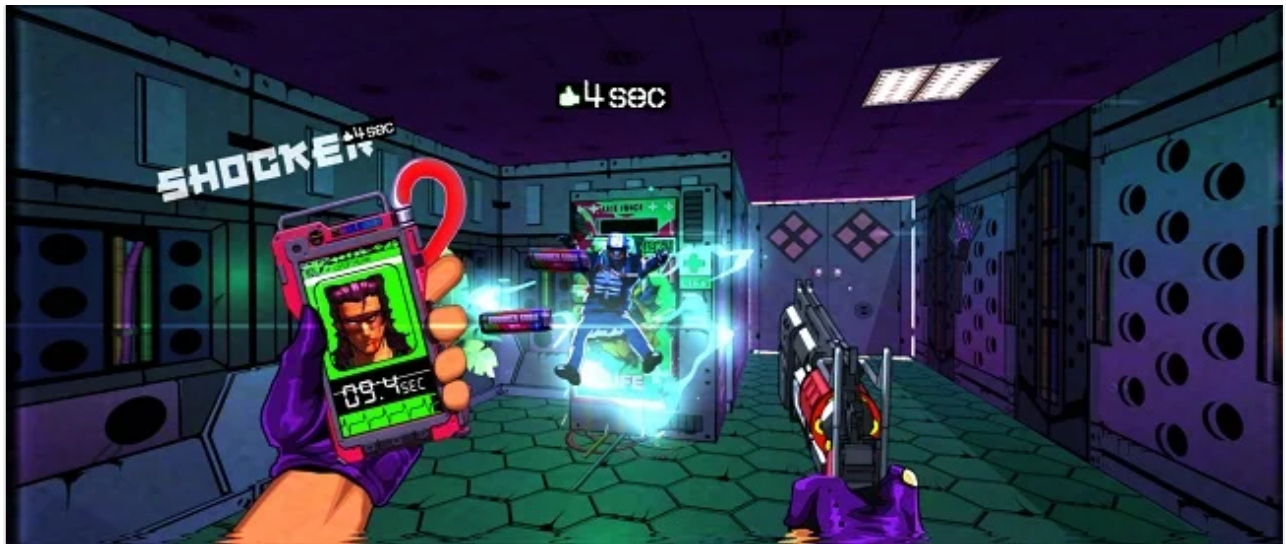

***This fast and brutal roguelite FPS will make you  
relive the best anime of the 80s and 90s***

Porto Alegre – May 15, 2024 – Today is a great day for the retro FPS enthusiasts and fans of classic anime, as developer Hammer95 Studios and publisher Epopeia Games is proud to announce that **Mullet MadJack** ([Steam](#), [trailer](#), [press kit](#)) **is out today on Steam at a price of 19.95 USD**. Mullet MadJack immerses players in an engaging **retro FPS experience with roguelite elements, transporting them to an anime world** full of excitement.

With a unique fusion of elements influenced by classic 90s FPS games, strategy, and intense action, this game promises to keep players entertained for hours on end. It's no surprise that it has garnered **150.000 wishlists**, demonstrating the community's great interest in the title. Check out the brand new launch trailer!

"Our demo was very well received, being in the top 10 of several websites and influencer videos, we hope that our the fun we had creating the game will be also translated into an unique and exhilarating experience for players"

- **Alessandro Martinello**, Game Director at Hammer95 Studios.

*"Mullet is our first game as a publisher, and we are very pleased with it and the results achieved so far. We are looking forward to the release and hope it meets the expectations generated!"* says **Ivan Sendin**, CEO at Epopeia Games.

## **ONE POLICE OFFICER WITH A MULLET, AGAINST A HORDE OF BILLIONAIRE ROBOTS!**

In an exciting journey inspired by classic anime, you will be immersed in the cyberpunk world of Mullet MadJack, set in the year 90...2090.

Your mission is clear: rescue the most famous influencer on the planet from the clutches of a dangerous criminal organization, made up of powerful billionaire robots. Meanwhile, you will face violent battles as you are a dopamine-addicted vigilante who will do anything to get his own dose beating deadly challenges as you progress floor by floor of a huge skyscraper.

As you progress through the floors, an action-hungry crowd follows your every move via streaming broadcasts. This public exposure adds more tension, increasing the pressure on you and the need to perform increasingly impressive feats.

Your battle is not just to free the kidnapped influencer, but also to preserve her own

reputation and entertain those watching.

Get ready for a journey full of dangers, exciting challenges and surprising twists in the best Badass Old-School style.

## What makes Mullet MadJack Unique

**Exciting** and dynamic combat: Race against time and infiltrate a building alone, overcoming each floor until you reach your objective.

**Campaign** mode: Clear floors filled with robots, and in crucial moments, execute ultraviolent finishes on your enemies to survive.

**Survival** mode: Utilize your skills in an endless mode and outdo your friends.

**Unique visual** and art style: The contrasting colors between black and vibrant neon evoke the aesthetics of violent and adult anime from the era of VHS tapes.

**Engaging** narrative: Set in an Old School cyberpunk world full of robots, the aesthetics of 90s anime merge with an action-packed environment.

**Nostalgic soundtrack:** Inspired by the synthwave genre, the soundtrack sets the tone and urban atmosphere of the game.

**Evolve your character:** Enhance your character with smart choices so that you can reach the top floor in the best possible time or you'll have to try again, all in the best Rogue-Lite style. But remember that each upgrade will affect how the game is played.

### Technical details:
